

DEPARTMENT OF CRIMINAL JUSTICE

All exams are given via Chi Tester and can be taken from any computer with Internet access. Once you start the exam, you'll have 75 minutes to complete the 50 questions. You may use your PowerPoint slides, hand written notes, and text.

Remember, exams are designed to assess what you've learned, not how fast you can find information.

Remember:

When you submit your exam you will immediately know your score, but will not have access to the questions you missed until after the exam deactivates.
